The University of Illinois at Urbana-Champaign
Department of Civil and Environmental Engineering
presents

The 2014-15

Newmark
Distinguished Lecture

Ole Sigmund
Professor
Mechanical Engineering
Technical University of Denmark

Topology Optimization:
State of the Art and
Future Perspectives

Monday, October 27, 2014
4:00 – 5:00 pm
NCSA Auditorium

Newmark served as the earthquake design consultant on the forty-three story Latino-Americana Tower in Mexico City. A plaque is mounted on that building, which withstood strong earthquakes in 1957 and 1985 without damage, attesting to his design accomplishment.

Reception to meet Ole Sigmund from 5:00 – 6:00 pm in the NCSA Lobby
