MARCH WEBINAR CALL FOR ABSTRACTS

Innovative Structural Engineering Research Spotlight

March Webinar – CALL FOR ABSTRACTS

Innovative Structural Engineering Research Spotlight

The **Structural Engineering Institute – Illinois Chapter**, a professional chapter of ASCE, in conjunction with the **Structural Engineering Institute – Graduate Student Chapter University of Illinois at Urbana-Champaign**, is planning a webinar for March. The purpose of the webinar is to highlight innovative research in the field of structural engineering.

The webinar offers three (3) undergraduate, graduate, and doctoral students from the University of Illinois and Chicago-area universities an opportunity to present to the professional community and showcase their research work.

Students interested in giving a presentation of approximately 12-15 minutes in length should prepare a short abstract. The abstract should:

- Describe the purpose of their research
- Explain the innovative elements and technology which the student is using
- Provide practical application of their research

The deadline to submit an abstract (no more than 150 words) is **Wednesday, February 24th**. Students will receive notification if their abstract has been selected on Friday, February 26th.

Date:

TBD (3rd or 4th Week of March, 2021)

Time:

12:00pm to 1:00pm CT (1 hour)

There will be 3 – 12-15 min. presentations with question and answer period to follow at the end

Place:

Virtual Webinar

Audience:

Practicing engineers and structural engineering students from UIUC and Chicago-area universities, including UIC, IIT, and Northwestern

Abstracts Due:

Wednesday, February 24, 2021

Please submit abstracts to:

- Patrick Laux, PE, SE
Vice Chair SEI-IL
patrick.laux@wsp.com

and

- Antonio Zaldivar de Alba
SEI – GSC UIUC
